Profile

Looking for a Frontend Development role in a well-established company to leverage my skills in building user-friendly applications and to further enhance my technical expertise.

Professional Experience

Software Developer Intern, (UXDLAB Software), Noida, Uttar Pradesh Feb 2025 – Aug 2025

Developed and maintained web applications using modern frameworks and technologies.

Collaborated with senior developers to design and implement scalable and efficient software solutions.

Developed mobile-friendly UI components using responsive design principles, ensuring cross-device compatibility.

Integrated RESTful APIs for seamless data exchange between frontend and backend services.

Training at Q-Spider, Noida, India 2024 – 2025

Pursuing full-stack developer training at J/Q Spider, Noida, specializing in HTML, CSS, JavaScript, and contemporary frameworks.

Gaining hands-on experience in crafting responsive and user-centric web interfaces.

Education

Master of Computer Applications (MCA), Lovely Professional University, Jalandhar, India 08/2024 – Present

Bachelor of Computer Applications (BCA), Gaya College, Magadh University, Gaya, India 2020 – 2023

Projects

Product Catalog and Cart Management App – Q-Shop

Built a dynamic web app that fetches products from a public API and allows users to add, manage, and remove items in a shopping cart.

- Used `localStorage` to persist cart state across sessions.
- Demonstrated skills in API integration, DOM manipulation, and event handling.
- Tools Used: HTML, CSS, JavaScript

Responsive Portfolio Website

- Developed a responsive personal portfolio site featuring projects, skills, and a contact form.
- Applied responsive web design techniques to ensure cross-device compatibility.
- Tools Used: HTML, CSS, JavaScript

CRUD Application with React and API Integration

- Created a full-featured React application implementing Create, Read, Update, and Delete operations using a RESTful API.
- Showcased front-end routing, state management, and asynchronous API handling.

Technologies

Languages: HTML5, CSS, JavaScript, React, SQL

Frameworks: Tailwind CSS, Bootstrap
